## Tribute & Message From The Family

Christmas 2010.

COLUMBIA - A visitation for Sarah Larkin Williams, 69, will be held Saturday, July 23, 2011, from 4-6 p.m. at Dunbar Funeral Home, Devine Street Chapel. Interment will be in Columbia Gardens in Arlington, Va., at a later date.

Ms. Williams passed away peacefully Friday, July 15, 2011, at the home of her daughter in Wake Forest, N.C., after a year-long courageous battle with cancer. Born July 29, 1941, in

Raleigh, N.C., she was the daughter of the late Richard and Sarah Larkin. Sarah began her teaching career at Hammond School in 1984. She taught in the Lower, Middle and Upper Schools for over 27 years, dedicating herself to working with her students. Although she taught English for many years, her true love was teaching Latin. Recently Hammond honored her by giving the Hammond chapter of the National Junior Society her namesake. Along with her career at Hammond, Sarah's great joy came from her grandchildren and numerous close friends. She enjoyed her monthly dinners with The Gourmet Club, outings with her Hammond family and being a great Nana. These friends genuinely loved her, providing comfort and support throughout Sarah's illness. In her own words, they are "absolutely fabulous."

Surviving are her sons, Christopher Bové (Julie) of Bristow, Va., Jonathan Bové of Columbia; daughter, Kerry Flowers (Kenny) of Wake Forest; grandchildren, Delaney Flowers, Logan Flowers, Kennedy Flowers and Meghan Bové; sister, Linda L. Korte (Ed) of Weaverville, N.C.; brother, Richard Larkin (Barbara) of Reston, Va.

She was deeply loved and will be missed but lives forever in our hearts and memories.

In lieu of flowers, memorials may be made to the American Cancer Society.

The family would like to express their deepest thanks to the S.C Oncology Associates, especially Dr. Leland McElveen, Kim Dewitt and chemotherapy nurses, Allison and Nancy. The family would also like to express their gratitude to the excellent team of therapists from Palmetto Health Homecare for their great care and support given over the past few months.
